

MR FUSION

PRIVATE LLM TRAINED ON YOUR ENTERPRISE

DATA UNIFIER

Mr Fusion consolidates diverse property and client data into a secure, on-premises knowledge layer, protecting sensitive information while enabling smarter decisions and enhanced client experiences.

DATA INGESTION & FORMATTING

One-Click Intake – Drag and drop contracts, reports, or waivers.

Any Format – PDFs, emails, invoices, or spreadsheets.

Crystal-Clear OCR – Scans and notes made searchable.

Batch Uploads – Process hundreds of files at once.

DATA QUALITY & COMPLIANCE

Auto-Validation – Flags missing fields and errors.

Verified Data Only – Safeguards prevent fabricated records.

Audit Logs – Every action recorded for compliance.

KNOWLEDGE ENRICHMENT & CONNECTIVITY

Smart Tagging – Adds client, property, and time context.

Continuous Sync – Updates without overwriting history.

Full Integration – Works with PMS, POS, and CRM.

Smart Summaries – Auto-generate concise overviews and key points for faster understanding.

Contextual Links – Cross-reference related contracts, waivers, and reports for a unified view.
